

Planning Your Group's Visit to the Wabash & Erie Canal

2019

We would like to make your visit to the Canal as pleasant as possible. To help you plan your visit, here are some things to consider:

- Reservations must be made at least two weeks in advance of your visit.
- You will be sent an invoice for a 25 percent deposit and the remaining balance will be due at the time of the visit. Payment will be made for the entire group and may be made by check or any credit card.
- If the group must cancel, please notify the Reservation Manager at least two days prior to the visit at: **(765) 564-2870**. The deposit will be forfeited.
- There are times when *The Delphi* is not able to operate due to weather or mechanical issues. These are rare occasions but if it is necessary to cancel, the Reservations Manager will notify the group's contact person as soon as possible and refund the fee for boat.
- The Wabash & Erie Canal is on **Eastern Time**.
- In planning your trip, please allow 5 to 10 minutes between each venue for embarking/disembarking from the boat, walking time and restroom breaks. If two boats rides are given, there will be a 15 minute break between rides.
- Restrooms are available in the Interpretive Center.
- Well-behaved, on-leash pets are welcome on the Canal grounds. Only service animals/therapy dogs with registration documentation are allowed in the Interpretive Center, Reed Case House, boat and Museum.
- Firearms are not allowed on Canal grounds.
- The facilities at the Canal complex are handicap accessible, including the boat, but we must be notified of this need at least two weeks in advance of the visit. Benches on the boat must be removed to accommodate wheelchairs. Due to typical time constraints, only four wheelchairs can be accommodated on the boat at one time.
- Walking is the common mode of travel around the park. There is considerable distance between the various facilities and must be taken into account for the travel time required to reach each venue. If mobility is an issue travel times will naturally increase.
- Canal Park is wheelchair accessible. *The Delphi* also can accommodate 4 wheelchairs per trip. Wheelchair accommodation on *The Delphi* creates a reduction in standard seating. People in wheelchairs that can navigate steps with assistance, will not require a reduction in standard seating.
